

## COMMUNITY OPEN HOUSES

# New Water Reclamation Facility

## The Largest Public Utility Project In The City's History

Please join us for a community open house to learn about and provide input on the reconstruction of the City's New Water Reclamation Facility, which treats the City's wastewater. A lot of work has occurred since construction started in 2020. However, there is still much more to accomplish before the facility is completed in 2025.

The facility is being rebuilt to meet mandatory new water quality standards, improve efficiency and reliability, and avoid risks associated with the 55+-year-old facility being near the end of its lifespan.

### Virtual Open House

Wednesday, May 26, 2022

5:00 – 7:00 pm

Scan the QR Code to Register

### In-Person Open House

Rose Park Elementary School

1105 W 1000 N

Salt Lake City, UT 84116

Thursday, June 2, 2022

5:00 – 7:00 pm
